## COLD WEATHER AND MINOR SICKNESS

As we approach the end of the year, we are experiencing colder weather and subsequently an increase in colds and flu. To prevent this, parents need to ensure that children have appropriate clothing to keep warm. If your child has a minor sickness, they may be well enough to come to school. Please use the following guidance from the NHS to make an informed decision: <https://www.nhs.uk/live-well/healthy-body/is-my-child-too-ill-for-school/>

Regular attendance and punctuality are key to a good education so we urge parents to bring their children to school if they are well enough.

## ANTI - BULLYING WEEK 2022

This week has been Anti-Bullying Week 2022 with the theme 'Reach Out'. The theme of *Reach Out* aims to encourage children to speak out about bullying. Whether this is speaking out to a trusted adult or reaching out to another person who is being bullied; if we can challenge bullying we can change it.

The children learnt about this in their celebration assemblies and in class throughout the week. If you're worried about bullying you can talk to your class teacher or any member of staff for help.
